Notes (Discussion Topics, Points & Action Items)

Presentation: Cariboo Strong project overview and structure – see [PowerPoint](#)

Topic: What are the next steps in Clinton?

- Community engagement will begin in March 2017. Action groups will form as key themes and ideas are identified.
- Feedback on the Advisory Table Terms of Reference is welcomed.
- Next Advisory Table meeting will be in April.
- **ACTION ITEM:** Cariboo Strong will review the community's sustainability plans and connect with the community engagement the Village has already conducted.

Topic: How will the CCBAC funding be administered?

- General consensus was that there should be a political check in each sub-region to administer funding.
- The proposed idea was that the EDOs and CAOs would bring funding requests to a Southern Caucus (including CRD, 100 Mile, Clinton and First Nations) for approval.
